Washington, DC 20554
Attention: Enforcement Bureau

**RE: Certification of CPNI Filing
EB Docket No. 06-36, EB-06-TC-060**

Dear Ms. Dortch:

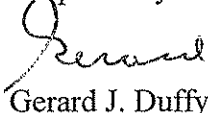

Transmitted herewith, on behalf of Pro Phone Communications, Inc. ("Pro Phone"), are its "Certification of CPNI Filing" and its "Statement Explaining How the Company's Operating Procedures Ensure Compliance With the FCC's CPNI Rules."

The mailing address for Pro Phone is 2340 Glade Street, Muskegon Heights, Michigan 49444.

To the extent deemed necessary by the Commission, Pro Phone requests waiver/extension of the February 6, 2006 submission date announced in the Commission's January 30, 2006 Public Notice. Pro Phone is a small paging carrier, whose chief operating officer is responsible for regulatory matters and compliance, as well as substantial additional management and operational duties. During the period encompassing the January 30, 2006 public notice and the February 6, 2006 deadline, the officer was out of the office on extended medical leave. Upon his return to work in mid-February, the officer did not become aware of the February 6, 2006 CPNI filing requirement. In fact, Pro Phone did not become aware of the requirement until today, when it was mentioned during a telephone conversation regarding other Commission filings and regulations. Pro Phone then proceeded to make the filing immediately. Good cause exists for the waiver/extension requested.

Should any questions arise concerning this matter, please contact undersigned counsel.

Respectfully submitted,

Gerard J. Duffy

CERTIFICATION OF CPNI FILING, FEBRUARY 6, 2006
[Section 64.2009(e) of FCC Rules]

EB-06-TC-060
EB DOCKET NO. 06-36

I hereby certify that I am an Officer of Pro Phone Communications, Inc.

I have personal knowledge that the Company has established operating procedures that are adequate to ensure compliance with the Customer Proprietary Network Information rules and requirements in Subpart U of Part 64 of the Federal Communications Commission's Rules (47 C.F.R. §§64.2001 through 64.2009). The attached Statement of CPNI Compliance explains how the Company's operating procedures ensure that it is in compliance with the foregoing FCC rules.

I am making this certification for the year 2006.

PRO PHONE COMMUNICATIONS, INC.**STATEMENT EXPLAINING HOW THE COMPANY'S OPERATING PROCEDURES
ENSURE COMPLIANCE WITH THE FCC'S CPNI RULES****I. Customer Proprietary Network Information ("CPNI")**

CPNI is defined in Section 222(f) of the Communications Act as (A) information that relates to the quantity, technical configuration, type, destination, and amount of use of a telecommunications service subscribed to by any customer of a telecommunications carrier, and that is made available to the carrier by the customer solely by virtue of the carrier-customer relationship; and (B) information contained in the bills pertaining to telephone exchange service or telephone toll service received by a customer of a carrier (except that CPNI does not include subscriber list information).

Generally, CPNI includes personal information regarding a consumer's use of his or her telecommunications services. CPNI encompasses information such as: (a) the telephone numbers called by a consumer; (b) the length of a consumer's phone calls, and (c) the telecommunications and information services purchased by a consumer.

II. Use of CPNI Is Restricted

The Company recognizes that CPNI includes information that is personal and individually identifiable, and that privacy concerns have led Congress and the FCC to impose restrictions upon its use and disclosure, and upon the provision of access to it by individuals or entities inside and outside the Company.

The Company has designated a CPNI Compliance Officer who is responsible for: (1) communicating with the Company's attorneys and/or consultants regarding CPNI responsibilities, requirements and restrictions; (2) supervising the training of Company employees and agents who use or have access to CPNI; and (3) receiving, reviewing and resolving any questions or issues arising within the Company regarding use, disclosure, or provision of access to CPNI.

Company employees and agents that may deal with CPNI have been informed that there are substantial federal restrictions upon CPNI use, distribution and access. In order to be authorized to use or access the Company's CPNI, employees and agents must receive training with respect to the requirements of Section 222 of the Communications Act and the FCC's CPNI Rules (Subpart U of Part 64 of the FCC Rules).

III. Permissible Uses of CPNI

Company employees and agents are strictly prohibited from using CPNI, and from providing CPNI to individuals or entities inside or outside the Company, except as follows:

1. The Company may, after receiving an appropriate request from a customer, disclose or provide the customer's CPNI to any person or entity designated by the customer. Any and all such customer requests: (1) must be made in writing; (2) must include the customer's correct billing name and address and telephone number; (3) must specify exactly what type or types of CPNI must be disclosed or provided; (4) must specify the time period for which the CPNI must be disclosed or provided; and (5) must be signed by the customer.
2. In the absence of an appropriate written request from the customer, the Company may provide the customer's phone records or other CPNI to a law enforcement agency only in response to a warrant or subpoena that specifies the particular CPNI to be furnished.
3. The Company may use, disclose or permit access to CPNI to provide the same category of telecommunications service to a customer from which the CPNI is derived. For example, the Company may use the CPNI from its provision of paging service to a customer to provide or market new, additional or modified paging service offerings to the customer.
4. The Company and its authorized employees may use, disclose or permit access to CPNI to provide services necessary to, or used in, the provision of the telecommunications service from which the CPNI is derived (e.g., the publishing of directories and the provision or marketing of "adjunct-to-basic" services).
5. The Company, its authorized employees and its billing agent may use CPNI to initiate, render, bill and collect for telecommunications services.
6. The Company may use CPNI to protect the Company's rights or property, and to protect users and other carriers from fraudulent, abusive or illegal use of (or subscription to) the telecommunications service from which the CPNI is derived.
7. The Company may use, disclose, or permit access to CPNI derived from its provision of Commercial Mobile Radio Services, without the customer's approval, to provide customer premises equipment ("CPE") and information services.
8. The Company has adopted a policy that it does not and will not use, disclose or permit access to CPNI by an affiliate.
9. When an existing customer calls the Company to inquire about or order new, additional or modified services (in-bound marketing), the Company may use the customer's CPNI to assist the customer for the duration of the customer's call if the Company provides the customer with the oral notice required by Sections 64.2008(c) and 64.2008(l) of the FCC's Rules.

10. The Company has adopted a policy that it does not and will not use, disclose, or permit access to CPNI in connection with Company-initiated marketing of services to which a customer does not already subscribe from the Company (out-bound marketing).]

IV. CPNI Compliance Officer

In addition to the specific matters required to be reviewed and approved by the Company's CPNI Compliance Officer, employees and agents are strongly encouraged to bring any and all other questions, issues or uncertainties regarding the use, disclosure, or access to CPNI to the attention of the Company's CPNI Compliance Officer for appropriate investigation, review and guidance. The extent to which a particular employee or agent brought a CPNI matter to the attention of the CPNI Compliance Officer and received appropriate guidance is a material consideration in any disciplinary action brought against the employee or agent for impermissible use, disclosure or access to CPNI.

V. Disciplinary Procedures

The Company has informed its employees and agents that it considers compliance with the Communications Act and FCC Rules regarding the use, disclosure, and access to CPNI to be very important.

Violation by Company employees or agents of such CPNI requirements will lead to disciplinary action (including remedial training, reprimands, unfavorable performance reviews, probation, and termination), depending upon the circumstances of the violation (including the severity of the violation, whether the violation was a first time or repeat violation, whether appropriate guidance was sought or received from the CPNI Compliance Officer, and the extent to which the violation was or was not deliberate or malicious).
